stunning results - and no more wiping off your pencil brows!

OMBRE/POWDER SHADED BROW \$350

A fabulous option if you prefer a fuller or filled in look to your brows!
This tattoo procedure mimics the look of lighter, dusted powder makeup rather than hair strokes.
A follow up appointment is necessary 6-12 weeks after your initial visit to achieve the final look.

LIP TATTOO \$475 (includes dental block for numbing)

Kiss lipstick goodbye! This is the perfect way to enhance your pout, giving your lips
shape and definition. We'll select the perfect color for you, whether natural or a
brighter shade. Just add gloss after you're healed, and you're ready to rock and roll!

EYELINER \$350

Customize your shape, thickness and color to dictate how subtle or bold you
prefer your look. Line just the upper lid or both top and bottom.
Either way, you're going to look oh so fabulous!
